Master Dale A. Jenkins Memorial Invitational Tournament

As we are getting ready to host this Memorial Event to honor Master Jenkins, we are accepting advertising sponsorships and encouraging message sponsorships for this event.

Master Jenkins' annual "North Jersey Karate Championships" was one of the most reputable tournaments in the tri-state area and we expect a high turnout of students and Dojos for this special occasion. Master Jenkins had a huge influence on the martial arts in the North East and there are literally thousands of students who fall under his lineage in one way or another.

We are expecting students from New Jersey, Pennsylvania, Maryland, Delaware, New York, Florida, Texas, and even Michigan and Canada, among others. In becoming an advertising sponsor, you will expose your business to people from all over North America. Even if operate a small, local business, you'll be sure to reach many potential customers in your area of influence.

We are available to answer any questions you may have about our event or your advertising sponsorship. This is a professionally run event that you will be proud to be associated with. Thank you very much for your time and consideration.

Sincerely,

Jonathan A. Exaros
